3 Introduction

Australian Professional Galvanizing Pty Ltd (APG) operates both a manufacture & galvanizing division. APG Manufacturing operates in Cairns being the fabrication division of Australian Professional Galvanizing Pty Ltd which also operates a galvanizing plant in Townsville and depots throughout North Queensland including Cairns & Mackay.

APG is a second generation family business started back in 1966 by Ron Pollard, with Steve Pollard is now the single shareholder.

APG Manufacturing employs boilermakers and WTIA certified welders within our Cairns Facility and offer prompt and professional project delivery specializing in Hot Dip Galvanizing manufactured products.

4 Our Values

AIM use this set of core values to establish a code of conduct required by all employees.

- We always conduct ourselves with "Courtesy - Manners - Respect"
- We value team play. Production is the whole process not just one section.
- We face our day with the discipline to get the job done right the first time.

5 Vision Statement

TO BE THE FIRST CHOICE FOR:

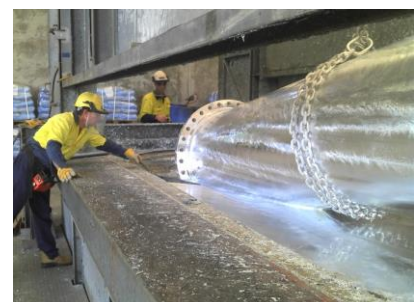

- ❖ **HIGH VOLUME MANUFACTURED PRODUCT**
- ❖ **QUALITY GALVANING SERVICE**
- ❖ **GALVANIZING KNOWLEDGE**
- ❖ **STEEL FABRICATION KNOWLEDGE**
- ❖ **ON TIME DELIVERY**
- ❖ **MARKET LEADER IN GALVANIZED PRODUCT**

Our vision statement inspires us to be the first choice for customers, suppliers and employees. This statement guides decision making and is reinforced by our strategies and actions.

6 Capabilities

Galvanizing Facility - Townsville

- *6.1 Metre 500t, 5 axis CNC Press*
- *MIG Welders*
- *Section Rollers*
- *Centre Lathe*
- *Milling Machine*
- *Radial Drill*

Transport and Logistic - Townsville, Cairns & Mackay

- *Support yard facilities located in Townsville & Mackay*
- *Fleet of trucks to transport material to and from our galvanizing plant*
 - ✓ *3 x Primemover based in Townsville.*
 - ✓ *Fleet of semi-trailers (Standard flat deck, Drop deck, expandable, B Doubles)*
 - ✓ *Isuzu FRR500A Truck - 5.0M Flat Deck Tray - Tare 4600Kg (Based in Townsville)*

Oversize 18m Rafters for site delivery

B Double Operations between CNS-TSV-MKY

7 Our Operational Approach

We cater to all kinds of steel fabrication to be galvanized such as structural building materials, outdoor structures, mining and most all other steel fabricated items. If you require powder coat or painted finishes, we can also provide this as part of the project delivery.

APG Manufacturing is set up for large volume production fabrication as well as one off products.

APG Manufacturing have been supplying Ergon Energy with galvanised steel products since the late 1970's. APG Manufacturing exceeds its contractual obligations and continues to achieve high level of time delivery by maintaining agreed buffer stock levels. Ergon Energy has purchased and installed tens of thousands of Powerbeam (Pole Nails) throughout Queensland. APG Manufacturing is a licensed manufacturer of the Powerbeam patented product.

APG Manufacturing organizational goals are as detailed in the company's Mission Statement and are assessed for their effectiveness at regular intervals to ensure customer satisfaction is maintained and implementation towards their attainment has been effective.

8 Quality, Accreditation and Certification

Inbuilt quality starts with the design for steel fabrication, galvanizing and continues right through all subsequent phases. It involves the quality that comes from the skill workforce working to a quality system.

Australian Professional Galvanizing Pty Ltd (Galvanizing & Manufacturing) operate fully accredited systems as listed:

- ISO 45001:2018 (AS/NZS ISO 45001:2018) Safety Management Systems
- ISO 9001:2015 (AS/NZS ISO 9001:2016) Quality Management Systems
- ISO 14001:2015 (AS/NZS ISO 14001:2016) Environmental Management Systems

The Quality Manual and associated procedures define systems that will ensure quality service conformance to customer expectations and needs. Where the customer's requirements are not specific, all works to be done in line with Australian Standard ISO 9001:2015 (AS/NZS ISO 9001:2016) Quality Management Systems and other supporting Standards.

Capability in respect of which the organisation is registered:
 Hot Dip Galvanizing of various steelworks to AS 4680:2006 offering local support, transport and selected manufacturing throughout the north Queensland region.
 NACE CODES: 2561
